e. Other Locational Data: Assessor's Parcel Number 3756 004

*P3a. Description: (Describe resource and major elements. Include design, materials, condition, alterations, size, setting, and boundaries)

397 9th Street is located on a 2,796 square-foot rectangular lot on the northeast corner of 9th and Harrison streets. Built in 1906, 397 9th Street is a 1-story, wood frame commercial building that has been altered from its original architectural style. The rectangular-plan building is clad in smooth stucco and flush and vertical wood siding. The primary façade features a brick watertable. It is capped by a flat roof. The foundation is not visible. The primary façade faces west and includes 3 structural bays. Entrances include recessed, paired flush wood doors. Typical fenestration consists of fixed wood-sash windows and glass block. Architectural details include metal gates over windows and doors, a projecting cornice, an arched entryway, fabric awnings, projecting roof eaves, and illuminated box signage. The rear façade on Gordon Street features a metal security gate.

The building appears to be in good condition.
